JECTS KILLED IN GUADALA JARA.

BY ASSOCIATED PRESS. On Board U. S. S. California, Mazatlan, Mex., May 6 - (Via Wireless to San Diego, May 7.)—Four persons were killed and eight were injured today by the explosion of a bomb that was dropped into the city streets from a rebel biplane. Firing between the rebel and federal fortifications continues and in the artillery duel the besleging forces have had the better of it so far.

TWO SOURCES REPORT WORK OF REBEL BOMBS

Washington, May 7.—The fighting at Mazatlan with the fatal work done by the rebel biplane is in continuance of the fighting already reported here from two sources. Admiral Howard and General Carranza. Admiral Howard's report yesterday

described the Constitutionalist rifles and field guns against the federal gunboat Morelos. General Carranza's report, tele-

graphed to Rafael Zubaran, his confidential agent here, said the federal gunboat Morelos had grounded on Pledra Island and had been put out of commission by artillery fire. He declared that the siege of the town was complete. This confirmed in part by Admiral Howard, left no doubt as to the desperate nature of the fighting.

ONE AMERICAN AND TWO BRITISHERS KILLED

Washington, May 7 .- One American and two British subjects have been killed at mines in the vicinity of Guadalajara. The despatch to the British ambassy, sent in response to an inquiry about conditions at the Cinco Minas mine and the safety of Americans there, did not mention the names of the Americans and British killed.

Disquieting news was also received at the embassy from Tampico. The Mexicans have notified the British commander that no one will be alowed to land unless all warships are withdrawn.

Instructions have been sent to the by the British commander.
